- **Scammers Renew Scheme Targeting Payroll and HR Professionals-** The NYS Division of Local Government Services would like to make you aware of cybercriminal activities that we have become aware of in New York State.

Cybercriminals posing as company executives are emailing payroll and HR professionals to request lists of employees and their personal information. This time, the scammers are expanding their reach to other industries, including school districts, tribal organizations, and nonprofits.

These emails may appear legitimate because they contain the name of the company's chief executive officer. However, if you receive such an email, don't include any payroll data, such as W-2 forms and Social Security numbers, in a response. *Go to the Town web site to see the entire email.*

We are accepting applications now and have begun scheduling certification classes. See Janet Deluca for information. Employee applications are available from the Town Clerk of on the Town web site.

## **X. Supervisor Surdam's Report**

- Met with Bernie DeGiule from Slack Chemical at the pool to discuss chemical storage options and completed the outline to make safety upgrades and maintenance repairs to the pool chemical storage area, the chemical supply system and the pool pump/filter building to present to the Board.
- Attended the Village Board Special Meetings held at the HAYC3 Armory.
- Emily and I attended an exit discussion with Rachel Schwendinger and Michael Chaires from the NYS Office of State Comptroller concerning the preliminary draft report of the 2015 & 2016 NYS Audit.
- Met with Mayor Borge and Brigid Buzzell who is the new Economic Development Coordinator in the Village.
- Local Cancer Study- I have been in contact with Commissioner Zucker requesting the results of the study that was due last fall. Commissioner Zucker told me that the delay is a result of a decision to add an additional year (2014) of information that became available towards the end of the original draft report. He told me we can expect to see the completed study sometime in April 2017.
- I met with Bill Cottrell of Cottrell Associates Inc. @ the Reynolds/Gilchrest Skating Rink & Multi-Purpose Building to discuss cost to do some preliminary cost estimates for a possible addition/expansion.

- Attended the NHFD Service Reward Program Investment Account meeting at the Firehouse.
- Janet, Emily and I met at the pool to discuss concerns pointed out in the audit process and to come up with our plan and processes to address the concerns.
- Walked in the refreshing St. Patrick's Day Parade with Jeff and Eric. We saw Jenn on a Family Float and Dave was a brave spectator.
- Eric & I reviewed the new Town Insurance Policy.

## **XI. Town Council Reports**

### **Deputy Supervisor Wysocki**

### **Councilperson Sutton**

### **Councilperson Hyde**

### **Councilperson Sheffer**

## **XII. Old or Ongoing Business**

- **Broadband-** We are seeing some encouraging signs that Broadband is coming. *We all need to continue to work to raise awareness that this community wants High Speed Broadband Service throughout our entire town. We have been told it is important to keep the calls coming to Charter especially if you own a business. This is going to take a community effort, please keep making the calls to Charter Communication that the Town of Hoosick wants & needs Broadband Service.*
- **NYS Parks & Recreation Grant-Pool Project Phase Two, Bath House & Filter House-**
  - NYS Parks & Recreation has approved the scope modifications of our plan to focus on the Bathhouse improvements as the priority due to cost projections with the limited amount of funds. They will decide toward the end of the project if we need to revise the contract.
  - Plans and specs and the Bid documents have been sent by LaBerge to NYS Parks & Recreation for review prior to going out to bid.
  - It was our hope this project would be done before the start of the 2017 swim season. Due to the extensive contract delay related to the PFOA

Contamination issue and the time involved in meeting some of the Grant specifications it is looking more like this will be a fall of 2017 project.

- **Pool Pump/Filter House and Chemical Storage-** With the scaling back from part of this project under the Grant there are some safety related issues with chemical storage and dispersing that we can deal with ourselves. Tom Marciotta has already met with Supervisor Surdam and we have put together an outline of steps we can take that has been provided to the Town Board. **Discussion- Motion** authorizing Supervisor Surdam to spend up to \$6000.00 to make safety upgrades and maintenance repairs to the pool chemical storage area, the chemical supply system and the pool pump/filter building as per the outline provided to the Town Board.
- **Woods Brook Study Grant-** the Town has paid its portion of the grant match to the Village. The kick off meeting to this study is expected to happen in the next couple of weeks.
- **Court Grant-** We have received \$3800 from the NYS Justice Court Grant Assistance Program to be used to purchase a Stand Alone Metal Detector. Thank you to Court Clerk Jan Kimball for working on this grant. The 2017 Budget Modification required to account for these funds will be completed under new business.
- **Revaluation Project-** Still in project preparation stage.
  
- **NYS DOH Availability at the Armory;** Tuesdays 6pm-8pm, Saturdays – 10am-noon.
- **Bottled Water from Tops-** As part of the consent order, the polluters were required to provide bottled water to the residents on the village water system until the full capacity GAC is operating independently. At the state's direction, Honeywell and Saint Gobain will continue to provide bottled water at Tops for the next six weeks, while two additional rounds of confirmatory sampling are conducted. **Beyond this six week window**, the companies will also deliver bottled water to any residents with point of entry treatment (POET) systems that have not yet been cleared for use.
  
- **PFOA related contact information;**
