

## DECOMMISSIONING AGREEMENT

This DECOMMISSIONING AGREEMENT (this “Agreement”) dated as of \_\_\_\_\_, 20\_\_\_\_ (the “Effective Date”) is made by and among the Town of Hoosick (the “Town”) and Hawthorn Solar, LLC (“Owner”, together with the Town, the “Parties”).

WHEREAS, Owner intends to build a solar energy generation project along Pine Valley Road and Fords Road in the Town (the “Project”);

WHEREAS, the Parties wish to enter into this Agreement to set forth terms and conditions of having funds available to pay for the costs of any decommissioning of the Project; and

NOW, THEREFORE, in consideration of the premises and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. At the start of construction of the Project, Owner shall provide to Town a copy of the payment and performance bond from its construction contractor which provides a financial guarantee that the construction of the Project will be completed once it started. At the completion of construction of the Project, and prior to the project entering commercial operation, Owner agrees to provide to the Town a decommissioning performance bond substantially similar to **Exhibit A1** or a standby letter of credit substantially similar to **Exhibit A2** (either being the “Decommissioning Security”) to the Town as financial security to ensure proper decommissioning of the Project in accordance with the Decommissioning Plan and attached herein as **Exhibit B** (the “Decommissioning Plan”). The Decommissioning Security is required to be in place prior to start of commercial operations of the Project and the amount of the Decommissioning Security shall be in accordance with **Schedule 1**. Owner agrees to ensure the Town always has an up to date copy of the Decommissioning Security on hand, and will provide an up to date copy upon fifteen (15) days-notice from the Town.

The Parties agree that the Decommissioning Security shall be used solely to pay for any decommissioning costs of the Project to the extent Owner does not decommission the Project in accordance with the process established in Section 2 herein.

Provided Owner complies with its obligations to maintain the Decommissioning Security at the required amounts in accordance with this Agreement, Owner shall have no further obligations in connection with providing any additional financial security with respect to decommissioning during the operation of the Project. In the event the Town uses any amounts received from the Decommissioning Security for any reason other than to pay for decommissioning costs in accordance with this Agreement, the Town shall be responsible to pay for such amount used and shall indemnify and hold harmless Owner and the landowner of the Project, if different from Owner, from any claim, loss, damage, liability or costs (including any reasonable attorney costs) arising from such use of funds

for reasons other than to pay for decommissioning costs in accordance with this Agreement.

2. The Parties agree that the decommissioning process, as described in the Decommissioning Plan, may commence for the following reasons:
  - a. Owner provides written notice to the Town of its intent to retire or decommission the Project (the “Owner Decommissioning Notice”, a template for same attached and incorporated herein as **Exhibit C**), or;
  - b. The Project ceases to be operational for more than twelve (12) consecutive months (the date that is twelve (12) consecutive months after the Project ceases to be operational shall be the “Discontinued Operations Date”).

If Owner does not fully decommission the Project within one-hundred and eighty (180) days after either the Owner Decommissioning Notice or the Discontinued Operations Date, as applicable, the Town shall provide written notice to Owner (the “Town Decommissioning Notice”, a template for same attached and incorporated herein as **Exhibit D**) requesting that the Project be decommissioned in accordance with the Decommissioning Plan.

If Owner fails to provide a reasonable explanation for the delay in the decommissioning activities of the Project within thirty (30) day of receiving the Town Decommissioning Notice, the Town may call on the Decommissioning Security and use the proceeds of the Decommissioning Security to proceed with the decommissioning of the Project in accordance with the Decommissioning Plan.

If Owner does provide a reasonable explanation for the delay in the decommissioning activities and is continuing to work towards the decommissioning of the Project, then the Owner shall continue the work required to proceed with the decommissioning of the Project and the Town shall not call on the Decommissioning Security nor shall the Town use any proceeds of the Decommissioning Security to proceed with the decommissioning of the Project. The previous sentence notwithstanding, if, under any circumstance, Owner does not fully decommission the Project in accordance with the Decommissioning Plan within one-hundred and eighty (180) days of its receipt of the Town Decommissioning Notice, then the Town may call on the Decommissioning Security and use the proceeds of the Decommissioning Security to proceed with the decommissioning of the Project.

3. If, in accordance with the procedure described in Section 2 herein, the Town calls on the Decommissioning Security and uses the proceeds of the Decommissioning Security to decommission the Project, upon completion of the decommissioning work in accordance with the Decommissioning Plan, any and all amounts remaining from the Decommissioning Security shall be returned to Owner.
4. This Agreement may not be amended or modified except by written instrument signed and delivered by the Parties. This Agreement is binding upon and shall inure to the benefit of

the Parties and their respective heirs, executors, administrators, successors and assigns. Owner may assign this Agreement to any subsidiary, or purchaser or transferee of the Project. In the event Owner assigns this Agreement in any way, they shall, within fifteen (15) days, provide Town with notice of the new Owner, contact information therefor, and an updated Decommissioning Security, reflecting the new owner. The Parties agree to execute and deliver any additional document or take any further action as reasonably requested by the other party to effectuate the purpose of this Agreement. The Parties agree that Owner shall have the option to provide to the Town, in lieu of the Decommissioning Security in Exhibit A, a letter of credit, cash, or any other reasonably equivalent financial instrument as Decommissioning Security.

5. Any notice pursuant to this Agreement shall be given in writing by (a) personal delivery by commercial courier, (b) reputable overnight delivery service with proof of delivery, or (c) United States Mail, postage prepaid, registered or certified mail, return receipt requested, sent to the intended addressee at the address set forth below, or to such other address or to the attention of such other person as the addressee shall have designated by written notice sent in accordance herewith. Any notice so given shall be deemed to have been given upon receipt or refusal to accept delivery.
