SUNSCREEN PERMISSION

Just a few serious sunburns can increase a child's risk of skin cancer later in life. It only takes 15 minutes of exposure of the sun's UV rays to damage the skin. Since children in Camp Hoosick regularly participate in outdoor and water related recreational activities, we strongly recommend adherence to the sunscreen policy.

1. All campers should wear sunscreen with a SPF of at least 15 (or greater) on all exposed skin daily.
2. Parent or legal guardian is responsible for applying the first layer of sunscreen prior to drop-off to the program each morning.
3. Parent or legal guardian will be responsible for providing their children with enough sunscreen (in a sealed container) to take with them for later day applications. One container per child with his/her name clearly indicated on the bottle. Children will not be allowed to use any other product or share. Only over-the-counter sunscreens are accepted.
4. Children will need to be instructed by parent or guardian on how and where to apply the sunscreen.
5. Camp staff will routinely remind campers to apply their sunscreen and make it available for use.
6. Day camp staff will be responsible for ensuring thorough follow-up applications after one hour in water, after two hours of activity in the sun and/or any other time as needed. This may mean that camp staff will need to assist in the application of the sunscreen in the case the camper is not able.
7. Should camp staff need to apply sunscreen, it will be done in the following manner:
 - Staff will confirm that parental permission form has been signed.
 - Staff will use camper's sunscreen.
 - Staff will apply sunscreen to children's exposed areas only (except head and face).
 - Staff will do this in the presence of others and will not apply sunscreen to any area that a bathing suit covers.

I verify that I have read and understand and agree to comply with the Hoosick Summer Camp Sunscreen Policy.
